

**Warana Imports** has **Aluminium Racing Car Jacks** available in 2 sizes, the compact **1 Tonne** model and the high lift **3 Tonne** model.

The **1 Tonne** jack weighs only 15 kgs making it easy to lift with one hand and with a low 90mm head cap height when down, it will fit under most low cars.

The new **3 Tonne** model has the same low head cap height but lifts up to 500mm high and with a double pumping system makes quick work of heavy loads. This jack weighs only 26 kgs, about a third of the weight of a similar size steel jack.
